

## DISCLOSURE STATEMENTS & COPYRIGHT ASSIGNMENT

**Disclosure at Original Submission:** The guarantor must complete this form on behalf of all coauthors and upload it with the electronic submission.

Manuscript Title: \_\_\_\_\_

**Authorship Responsibility:** We have read the submitted manuscript that includes our names as authors and vouch for its accuracy. We certify that we have participated sufficiently in the conception and design of this work and the analysis of the data (where applicable), as well as the writing of the manuscript, to take public responsibility for its content. We believe the manuscript represents honest and valid work. To the best of our knowledge, it contains no misrepresentations. We have reviewed the final version of the submitted manuscript and approve it for publication. If requested, we shall produce the data on which the manuscript is based for examination by *Archives* or its assignees.

Type in name: \_\_\_\_\_

**Prior or Duplicate Publication:** We warrant that the manuscript is original and its essential substance, tables, or figures have not been previously published in part or in whole. The manuscript or one with substantially similar content under our authorship or the data within it has not been accepted for publication elsewhere and it is not presently under review by any other publisher. The manuscript will not be submitted for publication elsewhere until a decision has been made on its acceptability for publication in *Archives*. This restriction does not apply to brief abstracts or press reports published in connection with scientific meetings.

Type in name: \_\_\_\_\_

**Financial Disclosure:** Choose one of the following statements. Insert the selected. Financial Disclosure into the title page of the manuscript submission.

- We certify that no party having a direct interest in the results of the research supporting this article has or will confer a benefit on us or on any organization with which we are associated AND, if applicable, we certify that all financial and material support for this research (eg, NIH or NHS grants) and work are clearly identified in the title page of the manuscript.
- We certify that we have affiliations with or financial involvement (eg, employment, consultancies, honoraria, stock ownership or options, expert testimony, grants and patents received or pending, royalties) with an organization or entity with a financial interest in, or financial conflict with, the subject matter or materials discussed in the manuscript AND all such affiliations and involvements are disclosed on the title page of the manuscript.

**Device Status Statement:** Choose one of the following 10 statements:

- The manuscript submitted does not contain information about medical device(s).
- The device(s) is/are FDA approved for the indicated usage in the United States.
- The legal/regulatory status of the device(s) that is/are the subject of this manuscript is/are not applicable in the country where the author(s) resides.
- The device(s) that is/are the subject of this manuscript has/have been cleared through the Premarket Notification (510(k)) process/approved through a Premarket Approval application for the indications studied.
- The device(s) that is/are the subject of this manuscript has/have been cleared through the Premarket Notification (510(k)) process/approved through a Premarket Approval application for [state the specific indication on a separate page and attach], but not for the indications that were reported.
- The device(s) that is/are the subject of this manuscript is/are being evaluated as part of an ongoing FDA-approved investigational protocol (DE) for [state the intended use on a separate page and attach].

- The device(s) that is/are the subject of this manuscript is/are exempt from FDA regulations because [state reason on a separate page and attach].
- The device(s) that is/are the subject of this manuscript is/are not FDA-approved and is/are not commercially available in the United States.
- The device(s) that is/are the subject of this manuscript is/are not intended for human use.
- The legal/regulatory status of the device(s) that is/are subject of this manuscript is/are not known by the author(s).

Type in name: \_\_\_\_\_

**Institutional Review Board/Animal Care Committee Approval:** We certify that our institution(s) or the appropriate regional institution has approved the protocol for any investigation involving humans or animals and that all investigation was conducted in conformity with the protocol and the ethical and humane principles of research. *Archives* reserves the right to contact your institution.

Type in name: \_\_\_\_\_

**Copyright Transfer:** In consideration of the *Archives of Physical Medicine and Rehabilitation (Archives)* reviewing and editing this submission, the authors undersigned hereby transfers, assigns, or otherwise conveys all rights, title, and interests therein, including any and all copyrights in all forms and media, now or hereafter known, to *Archives* in the event that such work is published by *Archives*. Should *Archives* not publish the aforesaid submission, it agrees to release its rights therein. (Note: material prepared by employees of the federal government in the course of their official duties may not be copyrightable.) .

#### **Note to US Government Employees**

A work prepared by a US federal government employee as part of his/her official duties is called a “US Government work,” and is in the public domain in the United States; in such case, Copyright Transfer above applies only outside the United States. Please attach a copy of any applicable policy of the author’s agency.

If the Work was prepared jointly, and any coauthor is not a U.S. government employee, it is not a US Government work. If the Work was not prepared as part of the employee’s duties, it is not a US Government work.

- If this article is a US Government work, check this box.

This document may be provided confidentially to the American Academy of Physical Medicine and Rehabilitation specifically to fulfill the provisions of accreditation of the Accreditation Council for Continuing Medical Education.
