

Advanced Powder Technology

International Journal of Science & Technology of Powder & Particulate Materials

CALL FOR PAPERS

Special issue

on

**The Fourth Asian Particle Technology Symposium (APT2009)
“Innovations in Particle Technology”**

Guest edited

by

**Dr. Pradip
(Chair, APT 2009 Organizing Committee, TATA)**

Considering the importance of the field of powder technology, a number of experts in the field worldwide, in particular from Asian countries took the initiative of starting the Asian Particle Technology (APT) Series of symposia. The first APT symposium was held in Bangkok, Thailand in 2000, followed by APT 2003 in Penang, Malaysia and APT 2007 in Beijing, China, and APT 2009 in New Delhi, India. Advanced Powder Technology has published each special issue of this series since APT2003, and now we are planning to publish APT2009 special issue in autumn 2010.

Papers to be submitted to the special issue should be made with reference to the following conditions:

- (1) Article types are limited to “Original research paper” and “Review paper”.
- (2) Subjects of the submission are related to the topics authors presented at this APT2009 symposium.
- (3) *Articles should be submitted online at <http://ees.elsevier.com/apt/>. Any article with a significant delay in submitting or not-followed in *Guide for Authors* (on the back or <http://www.elsevier.com/locate/apt>) may not be formally received.*

Planning

- 14th September 2009: APT2009 is adjourned
- **30th March 2010: deadline for online submission**
- 10th July 2010: deadline for the final version of the paper
- Early September 2010: publication of the special issue

We are confident this special issue will give all the presenters in APT2009 a great opportunity to spread your research work speedy, efficiently and widely through the web site: <http://www.elsevier.com/locate/apt>. We are looking forward to receiving your contributions, and hope the issue will be beneficial for all the researchers and infuse new innovative ideas into the field.

Any questions of the submission should be directed to the editorial office:

The Society of Powder Technology, Japan

No.5 Kyoto Bldg., 181 Kitamachi, Karasuma-dori, Rokujo-agaru, Shimogyo-ku, Kyoto 600-8176 Japan
