

## European Society of Biomechanics Travel Awards 2008

Dear ESB Member

If you have an accepted abstract at the upcoming 16th Congress of the European Society of Biomechanics in Lucerne, you may be eligible for an ESB Travel Award.

Up to eight ESB TRAVEL AWARDS will be given to the worthiest applicants based on the selection made by the ESB Award Committee. The purpose of the Travel Awards is to allow researchers with limited financial resources to participate at the biennial ESB Congresses. Any ESB member with limited financial resources who has shown a solid interest in biomechanics and who has an accepted paper at the biennial ESB Congress is eligible. The Award consists of a certificate and an amount of 400 € towards their travel and meeting expenses. For consideration, the candidate must submit an application to the Chairman of the Award Committee including the originally submitted mini-abstract with the ESB 2008 acceptance notice; the applicant's curriculum vitae and list of publications; for young investigators one letter of support from a senior scientist in biomechanics who has knowledge of the applicant's capabilities.

Additional information on the ESB Awards can be found at:

<http://www.esbiomech.org/Section/esb-awards>

All material must be send directly to the Chairman of the ESB Awards Committee (<mailto:ram@ethz.ch>) before or on March 1, 2008.

For the ESB Award Committee:  
Prof. Ralph Mueller, PhD  
Vice President, ESB

16th Congress of the European Society of Biomechanics  
July 6-9, 2008, Lucerne, Switzerland
