

International Embryo Transfer Society (IETS)
Member Subscription Form for
ANIMAL REPRODUCTION SCIENCE

Members of the IETS are entitled to a personal print subscription rate to *Animal Reproduction Science* at the special reduced price of US\$ 182.

Members will receive 28 issues per year for 2009 (Volumes 110-116), and can activate their subscription by completing and returning this form.

Animal Reproduction Science publishes original research and timely reviews on topics relating to reproduction and fertility in animals. This includes both fundamental research and applied studies, including management practices that increase our understanding of the biology and manipulation of reproduction. The focus is on animals that are useful to humans including food and fiber producing; companion/recreational; captive; and endangered species including zoo animals. *Animal Reproduction Science* has no page charges and only publishes papers after rigorous peer review.

The journal's scope includes the study of reproductive physiology and endocrinology, reproductive cycles, natural and artificial control of reproduction, preservation and use of gametes and embryos, pregnancy and parturition, infertility and sterility, diagnostic and therapeutic techniques but excludes *in vitro* studies of oocytes and embryos.
