

**First Annual Focus Meeting of the EPUAP
16-17 April, 2012
Tel Aviv University, Tel Aviv, Israel
First announcement**

Theme:
**Technological Innovations in Pressure Ulcer Diagnosis,
Prevention and Treatment**

This two-day meeting is aimed at exchanging knowledge between scientists, clinicians, and companies interested in learning and sharing what is new in pressure ulcer management in regard to the latest technologies for diagnosis, prevention and treatment of pressure ulcers. These technologies are being developed in research labs across the world. The meeting is also intended to identify technological gaps and clinical needs, and to establish a long-lasting, EPUAP-supported academia-industry-clinical network in the pressure ulcer field.
