

ATTENTION ASHA CEU PARTICIPANTS

Elsevier Inc. publishes the [*Journal of Communication Disorders*](#). Elsevier Inc. is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology.

This program is offered for a varying number of CEUs (Intermediate level, Professional area) per issue. Because each issue of the *Journal of Communication Disorders* (JCD) may have a different word count, issues will no longer be offered for a set value of 1.0 CEU per issue. Rather, some issues will be offered for more than 1.0 CEU and some may be offered for less. The average will be 1.0 CEU per issue, however.

ASHA CE Provider approval does not imply endorsement of course content, specific products, or clinical procedures. Learning objectives that are specific to each article are presented for the CE reader. In general, educational objectives of the journal are designed to provide SLP/A with current research and applied clinical information about speech, language, and hearing disorders.

A test for each article is printed at the back of each journal issue. Completed tests for an issue are returned to the continuing education editor along with the CE registration form and a check for the CE registration made payable to Elsevier Inc./ Continuing Education. A completed CE Course Evaluation form is also required with the submission of each set of test questions. The evaluation form follows the test form in the back of each issue. The tests will be scored and a copy returned to the participant. A minimum score of 80% correct is required to receive CEUs for an issue. Answer sheets for CE credit will not be accepted after December 31st of the publication year.

At the end of the journal year, the CE editor will notify ASHA of participant information. Participants in the journal continuing education program who need mid-year notification of continuing education participation may be accommodated upon written request to the continuing education editor. An annual ASHA CE Registry fee is required to register with ASHA. CE Registry fees are paid by the participant directly to the ASHA National Office.

The annual CE Registry fee (\$24.00 for ASHA/NSSLHA members; \$34.00 for nonmembers) allows registration of an unlimited number of ASHA CEUs for the calendar year. Contact the ASHA CE Division (+1 301-897-5700) for CE fee registry information. Address all questions and comments regarding the CE program as well as all registration correspondence to *Journal of Communication Disorders*, c/o Dennis M. Ruscello, Ph.D., 805 Allen Hall, P.O. Box 6122, Morgantown, WV 26506-6122.
