Our Figure/Tab No: Figure 3

Clinics issue: Physical Medicine and Rehabilitation Clinics, August 2003

← Be sure to clearly mark the **specific** Clinics title and issue date.

W. B. Saunders Company is preparing to publish an issue of the Physical Medicine and Rehabilitation Clinics of North America. Your permission is requested to reproduce (**Print and Electronic**) and, if necessary, to redraw or modify the following material for use in this and all subsequent editions of the work, in English in all other languages, translations, and other derivative works for distribution throughout the world:

Leggell, et al. Quantitative Assessment and Training of Isometric Cervical Extension Strength. Am J Sports Med 1991; 19:653-659. Figure 1, pg 655 ← **VERY IMPORTANT: Please include original figure and table numbers as they appear in the borrowed material.**

Thanks for your assistance!

Full credit to the original source will be given. If you grant permission, please sign this form in the space provided and return it to me. *If permission of the author or the artist is needed, kindly provide his/her address.* If specific credit to the author or artist is needed, please so indicate.

Thank you.

Permission is hereby granted:
