

❶ INFORMATION FOR ORAL/ MINI ORAL/ RAPID 5 PRESENTERS

Oral Presentation

Oral sessions allow authors to present papers for discussion detailing their latest research, education innovations and/or practice as educators within one of the 7 main conference themes. Any research reported MUST have commenced at the time of the abstract submission.

Oral sessions involve authors presenting for 20 minutes, with an extra 5 minutes allocated for discussion.

Mini Oral with Poster Presentation

A mini oral with poster presentation allows a presenter to provide a visual summary of their research and/or innovation, within one of the 7 main conference themes, to be displayed for sharing with conference delegates.

Mini oral with poster presenters are required to present their poster in a brief 5-minute presentation, alongside other poster presenters in a theme. This offers an ideal opportunity to network as well as opportunity for conference presenters to share their work verbally.

Time has been also allocated in the conference program for poster viewing by delegates, an opportunity for poster presenters to be available to discuss their work with conference delegates on an individual basis.

Please see separate poster guidelines for further details.

Rapid 5 Presentation

Each hour-long “Rapid” session will consist of 8 oral presentations, each 5 minutes in duration. A ‘Rapid 5’ will allow presenters to showcase the research they are currently working on. Each presenter has 5 minutes, and a maximum of 3 slides, to present their work to the forum. A moderator will be present to help ensure the session runs on time. Presenters are welcome to exchange contact information with audience members after the session. There will 15 minutes of moderated discussion drawing all presenters and delegates back together at the end of the session.
