

Industry Workshop Information

Sunday, 24 February, 2019		
09:00–13:00	Sponsored Workshop Room 8 High-Definition tES: Individualized and optimized brain targeting	 BETTER. SMARTER. Soterixmedical
14:00–18:00	Sponsored Workshop Room 7 Towards Personalised Brain Therapy: combining EEG with patient specific multichannel Tdcs	 NE neuroelectrics®
14:00–18:00	Sponsored Workshop Room 16 TMS, rTMS, tDCS in Clinical Environment: Workshop and Live Demo	 Neurosoft Medical diagnostic equipment
15:00–18:00	Sponsored Workshop Room 8 Transcranial Magnetic Stimulation (TMS) – From Genesis to Clinical Applications	 magstim® THE BRAINS BEHIND TMS™
Monday, 25 February, 2019		
07.30–8.30	Sponsored Workshop Room 1 Therapeutic Indication Discovery based on Brain/Nerve Stimulation Platform	 ybrain
Tuesday, 26 February, 2019		
07.30–8.30	Sponsored Workshop Room 2/3 Presenting PoNS™ Portable Neuromodulation Stimulator: Advancing Treatment for Chronic Balance Deficit Due to Mild to Moderate Traumatic Brain Injury	 Helius MEDICAL TECHNOLOGIES
07.30–8.30	Sponsored Workshop Room 1 Advanced TMS techniques: QPS and Thetaburst	 ROGLE RESOLUTIONS Integrated Solutions for Neuroscience BRAINBOX
Wednesday, 27 February, 2019		
07.30–8.30	Sponsored Workshop Room 1 Impactful and Easy Brain Stimulation with Photobiomodulation by Vielight	 VIELIGHT THE LIFE LIGHT®
12:15–13:15	IFCN Special Interest Group (SIG) East Meeting Room 1 Non-invasive Brain Stimulation	 International Federation of Clinical Neurophysiology
