Harnessing the power of interdisciplinary research

Tap into a wealth of interdisciplinary research as you strive to make discoveries and bring innovations to market. With ScienceDirect you can access the widest range of scientific and technical journals and books, putting the critical information you need at your fingertips.

Equipped with the latest developments and dynamic tools, you can make smart, fast decisions that boost your R&D.

Intensely competitive and fast moving, the Consumer Packaged Goods industry has to keep up with constant changes in consumer demand, and access to the latest information is vital. Increasing global demand means food needs to stay fresh for longer, and be transported in simpler, recyclable packaging.

Taking advantage of developments in nutraceuticals, and feeding a growing population, provides opportunities for Consumer Packaged Goods companies.
ACCELERATE YOUR RESEARCH
Make sure you don't miss out on critical developments as you strive to bring innovations, products and technologies to market. ScienceDirect Corporate Edition covers all the topics you need to accelerate your research, with publications by authoritative researchers across the board.

• **Smart decisions based on trusted, peer-reviewed information**
  Get interdisciplinary insights from a vast range of information across subject areas

• **Cutting-edge content and supplementary material to accelerate your R&D**
  Delve into more than 15 million articles with embedded audio, video and data

• **Additional research paths help you navigate your options**
  Discover what your peers are reading, giving you new perspectives and insights

• **Maximize your investment**
  Benefit immediately with web-based access, training and support programs

BROADEN YOUR KNOWLEDGE HORIZONS
Searching for solutions to problems that arise during product development or process improvement is a vital part of R&D. In the increasingly interdisciplinary research world, answers can be found in unexpected places.

By harnessing the power of integrated knowledge, Consumer Packaged Goods researchers are accelerating their discoveries and developments. Our Consumer Packaged Goods customers are gaining increasing value from ScienceDirect, with unlimited access to an ever-expanding library of content across a wide range of subject areas.

Consumer Packaged Goods researchers are applying knowledge from a variety of disciplines gained on ScienceDirect, with a focus on subjects outside of just Agricultural & Biological Sciences, Biochemistry, Genetics and Molecular Biology:

- Chemistry
- Pharmacology, Toxicology & Pharmaceutics
- Engineering
- Medicine
- Chemical Engineering
- Physics & Astronomy
- Environmental Science

Consumer Packaged Goods companies access information in journals across the wide range of disciplines available in ScienceDirect Corporate Edition. Top titles include:

- Food Chemistry
- Bioorganic & Medicinal Chemistry Letters
- International Journal of Production Economics
- Journal of Food Engineering
- Journal of Chromatography A
- International Dairy Journal
- International Journal of Food Microbiology
- Resources, Conservation and Recycling

Valuable book content across a wide range of disciplines is also available and completely integrated with journal content in ScienceDirect Corporate Edition. Top titles include:

- Hydrocolloids
- Starch (Third Edition)
- Information Resources in Toxicology (Fourth Edition)
- Success in Innovation
- Ensuring Global Food Safety

Take advantage of a wide variety of published content, available at your fingertips.

**Journals:** Every year, Elsevier publishes more than 250,000 peer-reviewed articles in 2,300 journals, and continues to add new journal titles to the platform.

**Books:** Elsevier publishes more than 13,000 book titles across a wide range of subjects, including:

- eBooks
- eTextbooks
- Major Reference Works
- Reference Modules
- Book and Handbook Series
