Pure International Conference 2018

Pure metadata push and pull

Workshop facilitated by:

Anna Clements, University of St. Andrews
Jan Fransen, University of Minnesota
Adrian Price, Copenhagen University Library
Pure International Conference 2018

Pure metadata push and pull

Workshop

In this workshop we want to focus on 2 major metadata issues:

1. Quality, Sources, Workflows

As well as:

2. What functionality do we need in Pure or which can be improved, to support these issues

We (the organizers) have planned 3 topics – Funders, Scopus automated import and Publication metadata – where we can brainstorm and gather input regarding the 2 major metadata issues. There is room for 1-3 more topics!
Pure International Conference 2018

Pure metadata push and pull
Workshop

13.35 – 14.05: Introduction and workshop plan

Planned break-out groups: 5 min introduction for each:

1. Funder’s metadata. Jan Fransen
2. Scopus automated import. Anna Clements
3. Publication metadata and effective workflow. Adrian Price

Do you have other topics you would like to discuss?

4.
5.
6.
Choose 2 topics and brainstorm for 20 minutes on your 2 topics, discussing with your group:

1. Issues with respect to quality, sources and workflows
   and
2. What functionality do we need in Pure or which can be improved, to support these issues

For each group we need a scribe and a reporter

Session 1: 14.05 – 14.25
Session 2: 14.25 – 14.45
Report back: 14.45 – 15.10
