SciVal Polska Research Assessment Academy

Preparation for Certification Test

Poznan, November 13rd 2018.

Peter Porosz

p.porosz@elsevier.com

Welcome to the Polish SciVal user community!

- Starting January 2018, Elsevier's SciVal solution is available to all universities and research institutions in Poland.
- Poland is among the top countries in Europe for SciVal usage intensity (other top countries are: UK, Italy, Russia)
- SciVal provides a powerful tool for:
 - researchers,
 - research managers,
 - research administrators,
 - research evaluators.
- SciVal enables flexible analysis of:
 - research performance of individuals, research groups, institutions,
 - collaboration networks,
 - areas and topics of research.
- Elsevier provides training and consulting opportunities for SciVal and has set up a Research Evaluation Academy for Polish professionals. Please stay tuned for more information on all of these programs.
- We encourage you to be an active part of the community. Your kind feedback and contributions are welcome!

Objectives for today

***Get ready for successful certification testing
in the SciVal Polska 2018 training series!***

In this session we will familiarise ourselves with the Canvas e-learning system as cover the professional topics of the certification test.

Topics for today include:

1. The SciVal boom in Poland
2. What is the SciVal Polska Research Academy?
3. Why certify? What are the benefits?
4. Certification testing

SciVal in a nutshell

SciVal

Witamy w społeczności użytkowników SciVal w Polsce!

Serdecznie witamy wszystkich Naukowców, Bibliotekarzy oraz Kadry Zarządzające jednostkami naukowymi.

Z wielką przyjemnością informujemy, iż obecnie mają Państwo dostęp do analiz dorobku naukowego z ponad 8.500 instytucji badawczych z całego świata, w tym również z Polski. Z pomocą tego narzędzia mogą Państwo znaleźć odpowiedzi między innymi na następujące pytania:

- jak moje publikacje wyglądają na tle mojej dyscypliny i instytucji?
- jak znaleźć wiodące instytucje i autorów w mojej dyscyplinie?
- jaka współpraca przyniosła mi największą widzialność?
- z którymi instytucjami warto współpracować?
- i wiele więcej!

Bądź na bieżąco

SciVal Polska Research Academy

- **What will you learn?**
 - What is SciVal and how to use it like a pro
 - Framework to train the academic and research community
 - Use cases for researchers, librarians, bibliometricians, research administrators and research evaluators
 - What to expect from the SciVal Support Team
- **What can you use to learn it?**
 - ***Broad customer events (like today)***
 - Live webinars
 - Collection of recorded webinars
 - Support material (such as *SciVal Metrics Guidebook*)
 - ***On-site training: October to December, then in 2019.***

Why certify? What are the benefits?

- You become the „**spearhead**” for **SciVal in your institution**, enabled to play a key role in research assessment and research support.
- You receive a **Certificate of Completion** with your name and institution, endorsed by Elsevier.
- You will receive information related to usage of **SciVal tailored for Poland** first-hand. This includes tips and tricks for using SciVal in the new national evaluation system.
- You join the **Certified SciVal Community**, being informed about the latest product releases, keeping in touch with upcoming events.
- You can take the next step and become a **Certified SciVal Advisor**. As an advisor, you can win a special reward: Visiting Elsevier’s headquarters in Amsterdam and meeting with SciVal product team.

Current status of test, plans to continuation

- **First series:** Q3/Q4 2018.
 - Test released July 2018.
 - Original deadline: October 31st
 - 80+ people registered
 - 20+ people took the test
 - 4 people successfully certified till September 2018.
 - Further tests under evaluation, expect approx. 10 people certified
- **Next series:** Q1 2019.
 - The Academy framework will stay the same
 - The test is going to be updated in January 2019.
 - Expected next certification deadline: April 30th 2019.

Certification Testing

The Canvas e-learning system

<https://canvas.elsevier.com/>

The screenshot shows a web browser window displaying the Canvas LMS interface for the 'SciVal Research Assessment Academy' course. The browser's address bar shows the URL 'https://canvas.elsevier.com/courses/7364'. The interface features a dark sidebar on the left with navigation icons for Account, Dashboard, Courses, Calendar, Inbox, and Help. The main content area has a header with the course title 'SciVal Research Assessment Academy' and an 'Edit' button. Below the header is a large graphic with the text 'SciVal Academy Polska 2018' and 'Research Assessment'. The main body of the page contains a welcome message: 'Welcome to Elsevier SciVal Research Assessment Academy Polska 2018!' followed by a paragraph explaining the opportunity to deep-dive into SciVal and become a 'SciVal Certified Professional'. It also mentions that the course is open for application and completion in 2018. Below this, it states that users should use webinars and complete an assessment test. A section titled 'How to graduate from the SciVal Research Assessment Academy? Go to 'Modules':' lists a first step: '1. You may use the 'Introductory Lectures' Module' to learn how to work with this environment'. On the right side of the page, there are buttons for 'Choose Home Page', 'View Course Stream', 'New Announcement', and 'Student View', along with a 'Coming Up' section indicating 'Nothing for the next week'.

Test topics

„This test is aimed at demonstrating your proficiency in evidence based research management as well as your working knowledge of SciVal in the planning and evaluation of research programs.”

- **Basic concepts of SciVal:** what is the goal and functionality of the SciVal solution? What are the data sources?
- **Basic technicalities of SciVal:** how do I get started? How do I navigate around SciVal?
- **Standard functionality of SciVal:** modules, selection of entities, selection of metrics.
- **Understanding metrics:** interpretation and use cases.
- **Interpreting analytic results:** real-life examples will be shown. What is the conclusion you can draw from them?
- **One short essay type question:** describe a practical, real life use for SciVal in your institution.

Advice for taking the test

- The language of the test is **English**.
- ***We recommend that you use a full size screen (laptop or monitor)*** for a clear view of screenshots which accompany some test questions.
- The test **consists of 20 items**. Please read each question carefully and answer it to the best of your knowledge. There is no time limit but the test is expected to take 30 to 60 for completing it.
- You may try and take the test **several times**.
- Upon completion, you will immediately receive the results of the first 19 test questions. The last item, a short essay question will be evaluated separately, and ***we will advise you of your results***. You have to score successfully 80% of the test to pass the assessment, and become a certified SciVal professional.
- The due date for completion of the SciVal Research Assessment Academy Poland Certification Test is ***Wednesday, October 31st, 2018***.

Testing the Test
