As one of the largest open access repositories in the world, SSRN attracts the best and brightest minds of today’s generation to submit their scholarly work on our many research networks. Over the course of 3 decades, SSRN has been helping hundreds of companies and academic institutions reach academic professionals and researchers.

Every day, SSRN’s collection of research grows and continuously increases the active visitor count and subscriptions to our networks. From professors, to graduate students, to researchers, to legal professionals, SSRN is frequented by a unique and diverse audience.

Each of our networks has a weekly Jobs and Announcements e-journal emailed directly to the subscribers of each respective network. These e-journals contain advertisements for open faculty and research positions at institutions across the world.

SSRN advertising reaches a global audience. Several companies and institutions, like the University of Notre Dame and Drake Law School, utilize SSRN’s Jobs and Announcements to facilitate their timely messages.

Our Customers Tell It Best

“We always advertise job openings through the SSRN Jobs & Announcements Service. It is cheaper and more timely than the print ads we have used. The SSRN ads always generate a large response - everybody we want to talk to looks at the SSRN job postings.”
Paul Schultz, John W. and Maude Clark Professor of Finance at the University of Notre Dame

“SSRN Jobs & Announcements provides a great way to reach out to a large number of scholars in the U.S. and throughout the world. I’ve used it to promote my conferences since 2001. Reasonable price, dedicated staff, and quick turnaround! I would highly recommend it to my colleagues.”
Prof. Peter K. Yu, Kern Family Chair in Intellectual Property, Drake University Law School

“Advertising the Mid-Atlantic Research Conference in Finance (MARC) on the SSRN Jobs & Announcements service has been the most cost-effective and efficient way to make the financial academic community aware of our conference. Putting an ad together is easy and lets us reach a truly global audience quickly and conveniently.”
Prof. Michael Pagano, Professor and the Robert J. and Mary Ellen Darretta Endowed Chair in Finance, Villanova School of Business
