Author Submission Checklist

Corresponding Authors (institutional scientist) must consult a recent issue of Nutrition Research for manuscript format and presentation. Refer to the Guide for Authors.

Check each box as appropriate to complete this form as a requirement for manuscript submission.

Manuscript Submission Requirements
☐ Submission is in American English and has been checked for grammar and spelling.
☐ Title states major research finding.
☐ Title page includes all author names, affiliations, and contact information (including institutional email).
☐ Abbreviation list is included, and each is defined the first time it is used in the text.
☐ The abstract is no longer than 250 words as one paragraph and includes the hypothesis, objectives of the study, experimental approach, major results, and conclusion. DO NOT USE HEADINGs.
☐ Five keywords/phrases are listed and include the model for the study.
☐ The hypothesis for the research and supporting objectives to test the hypothesis are stated in the Introduction.
☐ The methods and materials section contains a statement providing approval from the Institutional Review Committee for animals or for human subjects.
☐ Animal studies with dietary treatments must include a table showing the ingredients listed as g/kg and total 1000 for diets. Refer to articles published in Nutrition Research and the ingredient composition of AIN 93G or AIN 76A.
☐ At least 3 Highlights for this submission are included (see Highlights section).

Financial, Technical, and Editorial Support
☐ Financial, technical, and/or editorial assistance is stated in the Acknowledgment.
☐ The Acknowledgment includes a conflict of interest statement or a statement indicating that there is no conflict of interest.

References
☐ Verified, all authors listed, and thoroughly checked throughout the document.
☐ All references are numbered and referenced in text (see Guide for Authors).

Tables and Figures
☐ All tables and figures are numbered consecutively with Arabic numerals.
☐ Legends are provided for figures and adequate footnotes presented for tables.
☐ Minimal horizontal and no vertical lines included in tables.
☐ The tables and figures can be understood without referring to the text.
☐ If applicable, permission has been obtained for use of copyrighted material from other sources and indicated in text.

Potential Reviewers
☐ Name/title, institution, department, and email address of 4 experts are provided.
☐ The experts provided are not from the institution of any of the authors and do not have any potential conflicts of interest.

Author Signature Page
☐ Submission includes each author’s name, affiliation, email address, and signature.
☐ All authors who have significantly contributed to this work are included.
☐ All authors have read and understand the requirements and policies for the Journal, as specified in the Guide for Authors and on the Nutrition Research website.
**Corresponding Author (CA) Requirements**

- Complete postal address and affiliation/institutional email address are included for the CA.
- The CA is responsible for institutional research protocol approvals and for ethical execution of the research.
- The CA will correspond with and provide all necessary materials to the Editorial and Publishing Offices and verify that all requirements are met throughout the process.
- The CA will maintain correspondence with all authors to uphold the requirements and policies for *Nutrition Research*.

**Date of manuscript submission:**

**Title of the manuscript:**

☐ I have read the [Guide for Authors](#) and revised my work to meet all criteria.

By signing below, I certify that this research has not been submitted elsewhere for publication, all of the above criteria have been met, and accept complete responsibility for the submission.
