OBITUARY

Jeffry D. Madura (1957 – 2017)

It is with great sadness that we learned about the unexpected passing away of Dr. Jeffry Madura on March 14, 2017.

Jeffry Madura was an Editor of the Journal of Molecular Graphics and Modelling since July 2009 and of Computational Biology and Chemistry since November 2015.

Dr. Jeffry D. Madura was a professor in the Department of Chemistry and Biochemistry at Duquesne University located in Pittsburgh, PA, USA. In 2013, Dr. Madura was named the inaugural Lambert F. Minucci Endowed Chair in Engineering & Computational Sciences. He has been a member of Duquesne faculty since 1998 and was Department Chair from 2000-2010. He was elected as an ACS Fellow in 2011, and in 2008, Dr. Madura was inducted into the Duquesne University Office of Research Hall of Fame.

Elsevier staff and co-Editors of the two journals he worked on, enjoyed working with him, appreciated his collegial and pleasant collaboration and his gentle nature.

We deeply mourn his loss and wish his wife and his two sons much strength in these difficult times.
